RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

This is a response to the Office Action dated November 16, 2007. The Examiner, in a previous Office Action (dated May 11, 2007), had shown examples of garbled printing in an English translation of the specification and in the claims of a Preliminary Amendment. The Examiner has made a request for legible copies of these documents.

Accordingly, there is enclosed herewith a further copy of the English translation of the specification, to serve as a "substitute specification". This copy has the same text as the previously submitted copy, and is checked to insure clear printing of the text.
